

## **MATHS: How you can help your child at home**

At Bonnygate Primary School, it is our intent to engender a curiosity and love of maths by delivering a high-quality mathematics education that provides children with a foundation for understanding the world, the ability to calculate fluently and reason mathematically.

As with all subjects, the more practise your child has with maths, the more accomplished they will become. To support your child at home, you could:

Encourage your child to use TT Rockstars daily and MyMaths (weekly homework, online lesson support and a wide variety of games)

<https://trockstars.com/>

<https://www.mymaths.co.uk/>

Recall times tables facts with your child

Recall and practise Number Bonds and Addition facts

Practice telling the time

Familiarise yourself with the calculation document for different methods used in each year group

You could also access the following websites that link in with their learning at school:
